About Me

Data Scientist with strong statistical background and 4+ years of experience using predictive modeling, data processing, and data mining algorithms to solve challenging business problems. Excellent in Python, R and SQL and passionate about supervised learning and customer segmentation.

Experience

Montechelo (Nov. 2019 - Act.)

Data Scientist Senior

Apply the most appropriate analytical methodologies for the information analysis. Build Data Mining and Machine Learning models to solve projects and challenges. Algorithm automation, reporting and visualization of data.

Infometrika (Feb. 2018 - Nov. 2019)

Statistical assistant

Support the production, analysis, and consolidation of databases of company's statistical information. Programming in statistical software R for analysis of surveys databases. Management of databases, preparation of graphs and reports (Power BI, Google Data Studio).

Education

2022

Manuela Beltrán

Maestría en Bioestadística

Statistics, Statistical Modeling and Machine Learning algorithms

2018

Universidad Distrital

Licenciatura en Biología

Science, Scientific Method, Research, Teaching

2011

SENA

Técnico en programación de software

Software deployment - Visual Basic
